Mr. Henry Moore,
41 Auburn St.,
Paterson, N. J.

Dear Mr. Moore:

I just received your letter. I don't understand the odd number of cards and courtesy tickets, I only ordered 100 cards sent to Paterson. I had some cards made I am going to put around Newark that features the game we play with the Cubans on the 9th in Paterson and the following day here in Newark.

About the price of admission, we really can hardly afford to play much cheaper. I imagine you have heard by now, all the men are back from South America and Mexico and they demanded very high salaries. We decided to gamble on the salaries and try to give the fans a good team. My experience has been, people usually prefer paying a little more for the best, I hope it will work out in this case.

All your suggestions about Opening day I think are fine. Will you please advise me what City Official to contact to throw out the ball, or could you take care of it better right there in Paterson. The time is kinda short now, and it may be a little hard to get some one on such a short notice. I think the American Legion Drum Corp of kids would be fine too, could you get them also? About the throwaways, how many would you want?

Do you plan to come to our Opening game May 3rd, if so, let me know and I will leave you a tickets at the Press Gate. If you want me to have the throwaways printed, we would have to have the name of the Official who would throw out the ball, and the name of the American Legion Drum Corp. I will expect to hear from you right away.

Very truly yours,
